SECURITY ASSESSMENT

Vision Industries, Inc.
Oracle E-Business Suite R12
Security Assessment Report

MARCH 26, 2023

Table of Contents

1 EXECUTIVE SUMMARY 8

Findings 8
Configuration Assessment 8
External Penetration Testing 8
Additional Findings and Recommendations 9

2 SCOPE AND METHODOLOGY 10

Assessment Scope 10
Technical Scope 11
Timeline and Staffing 13
Target Environment 13
Methodology 13
Vulnerability Information 14

3 ORACLE E-BUSINESS SUITE 16

3.1 Accounts and Passwords 16
3.2 Default Application Accounts 17
3.3 Application Passwords 18
3.4 Application User Accounts 19
3.5 Generic Application User Accounts 20
3.6 Responsibilities 21
3.7 Functional Security 22
3.8 User Profile Options 23
3.9 Auditing and Logging 24
3.10 Patches 26

4 DATABASE ASSESSMENT 29

4.1 Accounts and Passwords 29

4.2 System and Object Privileges....33
4.3 Database Links....35
4.4 Initialization Parameters....35
4.5 Security Patches....37
4.6 Database Listener....38
4.7 Auditing....39
4.8 Logging....40

5 APPLICATION SERVER ASSESSMENT....42

5.1 WebLogic....42
5.2 Forms Server....45
5.3 Reports Server....46
5.4 WebLogic Security Patches....47

6 OPERATING SYSTEM ASSESSMENT....49

6.1 Oracle and Applmgr User Accounts....49
6.2 File Permissions....50
6.3 Auditing and Logging....51

7 NETWORK AND DMZ ASSESSMENT....52

7.1 Reverse Proxy Configuration....52
7.2 Firewall Configuration....52
7.3 Application Firewall Configuration....53

8 CUSTOMIZATION ASSESSMENT....54

8.1 Development Process....54
8.2 Change Management Process....55
8.3 Custom Database Objects....56
8.4 Human Resources Interface....57
8.5 Order Entry Interface....58
8.6 Other Interfaces....59
8.7 iSupplier Customizations....60

8.8 iStore Customizations 62
8.9 Self-Service Customizations 66
8.10 Custom Reports 67
8.11 Concurrent Manager Programs 67

9 OPERATIONAL ASSESSMENT 69

Summary 69
User Management (1.1) 70
Segregation of Duties (1.2) 71
Database Security (1.3) 72
Network and Web Security (1.4) 73
Operating System Security (1.5) 74
Applications Auditing (2.1) 75
Database Auditing (2.2) 76
Web Logging (2.3) 77
OS Auditing (2.4) 78
Application Monitoring and Troubleshooting (3.1) 79
Database Monitoring and Troubleshooting (3.2) 80
Web and Forms Monitoring and Troubleshooting (3.3) 81
Operating System Monitoring and Troubleshooting (3.4) 83
Object Migrations (4.1) 84
Application Configuration Change Management (4.2) 85
Database Change Control (4.3) 86
Database Configuration Change Management (4.4) 87
Web Server Change Control (4.5) 88
Operating System Change Control (4.6) 89
Application Patching (5.1) 90
Database Patching (5.2) 91
Application Server Patching (5.3) 92
Operating System Patching (5.4) 93
Application Development (6.1) 94
Database Development (6.2) 95

Web Development (6.3) 96
Shell and File Transfer Development (6.4) 97

10 ACTION ITEMS 98

10.1 Summary 98
10.2 Critical 99
10.3 High Priority 100
10.4 Low Priority 101
10.5 Optional 102

11 APPENDICES 104

12 INDEX 111
